Cremation Wedges

Question & Answers

How long is the lease?

The wedges can be leased for an initial period of 20 years; after this time the period can be extended in 10 year intervals by payment of an additional cemetery fee.
(at todays prices £100 = £10 per year)

Who owns the wedge?

The wedges are always owned by the customer but the cemetery space is leased.

Do I have a choice of colour for the wedge?

No, to maintain uniformity of the cremation section all wedges will be made in everlasting Sea Grey granite with silver grey painted letters.

Can I put more than one person on the wedge, either now or in the future?

Yes the wedges can accommodate up to two names. Further professional advice and a no obligation scale drawing can be produced.

Can I bury my ashes nearby?

Unfortunately this facility is not available, however you are allowed to scatter the ashes on the memorial garden, by appointment.

Please ring Blackburn with Darwen Borough Council cemetery office for further details.
Telephone 0845 6066612 for this service

How much does the wedge cost?

The cost of a wedge is £545 inclusive of all lettering, fixing, VAT and the cemetery fee.
